Re: *Affymetrix, Inc. v. Illumina, Inc.*, Civil Action No. 04-901 JJF

Dear Mr. Reed:

As promised please find attached Illumina's Revised Supplemental Privilege Log. Illumina has reviewed all the entries in our Supplemental Privilege Log as discussed by Judge Farnan at the January 12th hearing. During the course of this review, Illumina has identified documents that were not listed inadvertently because they were duplicates and have now been added to the log. Further, after second review, for certain documents Illumina has withdrawn its claim of privilege on specific redactions or on the entire document; these documents will be produced shortly.

Documents Identified As Inappropriately Designated and/or Redacted

In addition, we have reviewed the 21 documents identified in Affymetrix' December 20th letter alleged as public documents inappropriately designated and/or redacted. Illumina states its position on each document Affymetrix has identified in its December 20th letter:

1. Illumina has withdrawn its redactions from the following documents and will provide unredacted de-designated copies shortly:

IAFP00606502	IAFP00606555 (#1279)	IAFP00606689 (#1294)
IAFP00606832 (#1286)	IAFP00606931 (#1254)	IAFP00606971 (#1272)
